

Asbestos Products

Many older building materials used asbestos, including adhesives, flooring, insulation, plumbing and roofing shingles.

COMMON ASBESTOS PRODUCTS

BUILDING MATERIALS

- Adhesives and mastics
- Floor, ceiling and roofing tiles
- Pipe and attic insulation
- Cement sheets and pipes

AUTOMOTIVE PARTS

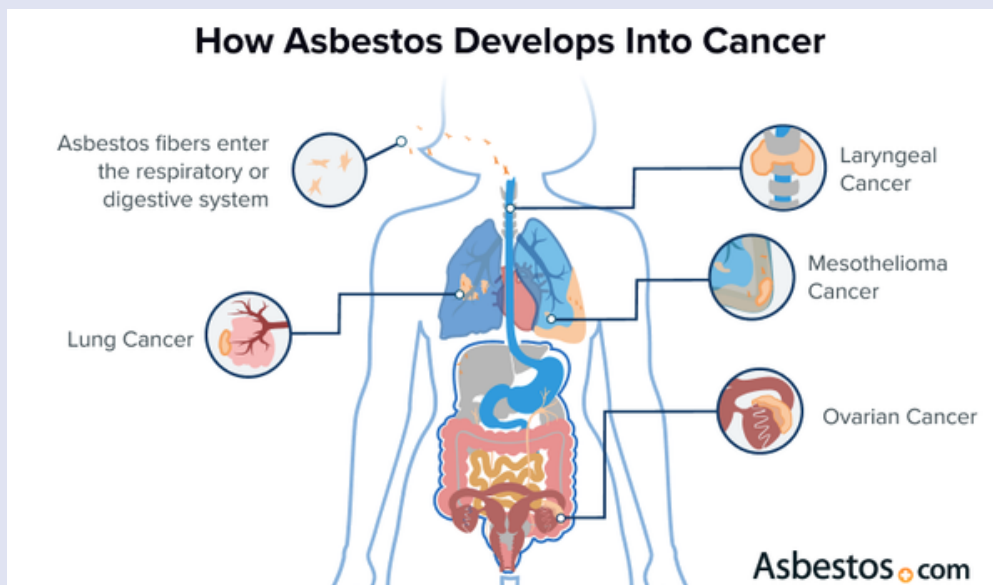

- Brake pads
- Clutches
- Gaskets

HOUSEHOLD

- Hairdryers
- Oven mitts
- Baby powder
- Makeup

How Asbestos Develops Into Cancer

Do not place asbestos-containing materials in regular household trash. Licensed professionals should wet, seal and double-bag the waste in labeled, leak-tight containers before transporting it to an approved asbestos disposal facility.
